Twin Product Lines . . . *ArmaLite® offers the most complete product line in the business. Each of our powerful .308 caliber AR-10 rifles is matched by a compact 16 inch carbine version -- and each AR-10 rifle and carbine is matched by a twin .223 caliber from the M15 line. Within each of these families, ArmaLite® offers super accurate T models, flexible flattop models and rugged tactical A2 models. Only ArmaLite® gives you such a broad, balanced product line.*
